ACM IDEA SHARING 2025 Event Report

Introduction:

The ACM IDEA SHARING 2025 event, hosted by the Dadi Institute of Engineering and Technology (DIET) in association with ACM DIET, brought together students, faculty, and professionals to explore innovative ideas that address contemporary challenges. The theme of the event, "When ideas are shared, the possibilities grow", emphasized the importance of collaboration, creativity, and forward-thinking solutions. The event took place on June 27, 2025, at Seminar Hall 2 at DIET. With the presence of distinguished personalities, including Dr. K. Sujatha (Convener), Ms. Satyavathi (Coordinator), Dr. R. Vaikunta Rao (Principal), and Sri Dadi Ratnakar (Chairman), it marked a significant step in fostering a culture of idea-sharing and innovation.

Objectives:

The primary objectives of the ACM IDEA SHARING 2025 event were:

- To provide a platform for students and professionals to present innovative ideas addressing pressing global issues.
- To encourage critical thinking, creativity, and interdisciplinary collaboration.
- To identify actionable ideas that could be developed into scalable and impactful solutions.
- To create awareness and build skills related to entrepreneurship, technology, and social impact.

Event Format:

The event followed a structured format that included the following phases:

1. **Idea Presentation:** Participants shared their ideas on topics related to technology, social issues, and sustainable development.
2. **Interactive Discussions:** After each presentation, an open floor discussion was held, allowing the audience to ask questions, provide feedback, and engage in dialogue.
3. **Judging and Evaluation:** A panel of esteemed judges evaluated the presentations based on predefined criteria.
4. **Award Ceremony:** Winners were announced and awarded based on their performance in both idea presentation and originality.

Discipline Guidelines:

To maintain decorum and ensure effective idea sharing, participants were asked to adhere to the following guidelines:

DADIINSTITUTE OF ENGINEERING & TECHNOLOGY (AN AUTONOMOUS INSTITUTE)

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to JNTUGV)

Accredited by NAAC with 'A' Grade and Inclusion u/s 2 (f) & 12(B) of UGC Act

An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

NH-16, Anakapalle-531002, Visakhapatnam, A.P.

Website: www.diet.edu.in, 9963993229 E-mail: info@diet.edu.in, academics@diet.edu.in

- Presentations should be concise, within 10 minutes, to allow for a Q&A session afterward.
- All participants were encouraged to present their ideas using visual aids (e.g., slides, prototypes) to enhance clarity and impact.
- Participants must avoid plagiarism and cite sources where applicable.
- Respectful communication and constructive feedback were emphasized during the interactive discussion.

Idea Sharing Topics:

The following topics were chosen for the **ACM IDEA SHARING 2025** event:

AI and the Future of Jobs: If AI replaces 50% of current jobs, what new kinds of jobs or industries might emerge?

Creating New Laws: If given power to create one new law in India, what would it be and how would it help society?

Bridging the Education Gap: Suggest a system to bridge the gap between rich and poor in education access.

Sustainable Systems to End Food Waste: How can we design a sustainable system to end food waste globally?

Solving Unemployment in Rural India: What innovative model can solve both unemployment and skill gaps in rural India?

Climate Change Campaign: How would you create a campaign that successfully changes people's behavior about climate change?

Zero-Waste Business Model: What business model would you design for a zero-waste startup in India?

Training Job Creators: How can college students be trained to become job creators, not just job seekers?

Social Enterprise with ₹1 Crore Grant: If given a ₹1 crore grant, how would you build a scalable and impactful social enterprise?

Time Capsule: You're building a time capsule – what 3 things would you include and why?

Low-Cost Startup Ideas for Students: What's your startup idea that college students can launch with low cost?

Technology for Lost Items: Every year thousands of phones are lost during festivals or public events. Can tech make it easier to return lost items safely and efficiently?

Safe Online Food Delivery: How could the online food delivery system be safer and more efficient, especially with regard to traffic rules and accidents?

Weather Forecast App for Farmers: A farmer receives a satellite-based weather forecast app, but it's hard to understand the complex graphs and English-only language. How can this be made more accessible?

Gig Worker Protection: How can gig workers (e.g., Swiggy, Zomato, Ola drivers) be protected by new labor laws?

Utilizing Research Lab Equipment: College research labs often have advanced equipment, but students complain about lack of structured training, leading to underutilization. How can this be improved?

Private Tuition Debate: Would banning private tuitions help or hurt education quality in India? What alternative would you propose?

DADIINSTITUTE OF ENGINEERING & TECHNOLOGY (AN AUTONOMOUS INSTITUTE)

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to JNTUGV)

Accredited by NAAC with 'A' Grade and Inclusion u/s 2 (f) & 12(B) of UGC Act

An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

NH-16, Anakapalle-531002, Visakhapatnam, A.P.

Website: www.diet.edu.in, 9963993229 E-mail: info@diet.edu.in, academics@diet.edu.in

Offline Tech Tools: What solutions can be implemented to make tech tools available offline securely when traveling without internet access?

Simple Tech Solutions for Daily Life: What's a simple problem in your daily life that could be solved using technology?

Eliminating Global Problems with Technology: If you could remove one problem in the world with technology, what would it be?

Unlimited Resources for Projects: If you had unlimited resources, what project would you build?

Judging Criteria & Teams:

The judging panel evaluated the ideas based on the following criteria:

Innovation and Originality: How unique and creative is the idea?

Feasibility: Is the idea practically implementable?

Social Impact: What potential does the idea have to positively impact society?

Presentation Skills: How well did the participant communicate their idea?

Scalability: Can the idea be scaled to a larger level or implemented on a wider scale

Winners:

- **1st Place:** GROUP - 7
- **Runner-Up:** GROUP - 14

Prize distribution: Certificates and cash awards were handed out to the top two teams, during a brief felicitation by Chairman Sri Dadi Ratnakar and Principal Dr. Vaikunta Rao. Appreciation certificates were given to all participating students.

Impact and Feedback:

Feedback was gathered from both participants and faculty:

Participants noted:

- Enhanced confidence in speaking and logical structuring.
- Some topics (e.g., ChatGPT replacement of programmers) provoked deeper research and preparation.
- Need for better time management in future sessions.

Faculty observers commented:

- Strong content depth, especially on socio-economic implications of AI and 5G in India.
- Some repetition from some speakers diluted team effort in a few cases.
- Well-maintained discipline overall, creating a professional atmosphere.

**DADIINSTITUTE OF ENGINEERING & TECHNOLOGY
(AN AUTONOMOUS INSTITUTE)**

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to JNTUGV)

Accredited by NAAC with 'A' Grade and Inclusion u/s 2 (f) & 12(B) of UGC Act
An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

Conclusion:

The ACM IDEA SHARING 2025 event successfully fulfilled its objective of fostering creativity, collaboration, and innovation. With participation from diverse teams and thought-provoking discussions on pressing global issues, the event proved to be a stepping stone for future leaders and changemakers. We look forward to future editions that will continue to promote idea sharing and impactful solutions.

Acknowledgments:

- Grateful to Dr. K. Sujatha and Ms. K. Satyavathi for detailed planning
- Thanks to Dr. R. Vaikunta Rao and Sri Dadi Ratnakar for support and prizes
- Appreciation to judges, timekeeper volunteers, and technical staff
